VIDEO INTERCOM SYSTEM

# Panasonic

## 7" Expandable Design Series

1x Monitor **VL-MV75**  
1x Door Station **VL-V524**

## ❖ Sophisticated Design

Touch sensor keys are used in the monitor, achieving a fully flat design for our thinnest\* model yet. You can select from silver, white or mirror design. Particular attention has been paid to the materials and coatings used for the surface of the doorphone, resulting in a gently curved, metallic-looking design. Also, the optional mount box can be used to install the door inside the wall, reducing the distance between the front surface of the doorphone and the wall even further.

## ❖ Easy-to-use

A 1.3-megapixel image sensor is used in the doorphone to dramatically improve image quality. Furthermore, the “bell” indicator on the call button illuminates so visitors immediately know where to press even in dark environments. A dedicated E-lock release key is placed on the front of the monitor and a volume adjustment key is placed on the side, making it easy to operate while talking.

## ❖ Highly Expandable

Up to 3 wide monitors (7-inch) can be connected to the main monitor. In addition, PBX connectivity is also supported.

## ❖ 7-inch Screen

The main monitor and extension monitor have a 7-inch wide screen that offers easy viewing of wide vertical and horizontal views.

## ❖ Voice Change Function

This unique safety feature lowers the voice heard at the doorphone so that a female's voice sounds like a male's.

## ❖ Electric Lock Release Support for Gate

The gate or door lock can be easily and quickly released using monitors.

## ❖ Picture Recording

The main monitor and extension monitor can record doorphone images from up to 50 doorphone calls or monitoring sessions.

## ❖ Night Vision

Door station is equipped with LED lights (illumination lamp). It enables the colour display of visitors at a distance of about 50 cm at night.

Expandable Design Series

## VL-SV75AZ-M

**PANASONIC NEW DESIGN 7" INTERCOM KIT – MIRROR FINISH, 24V DC**

- Add up to 3 additional 7-inch monitors (**VL-MV75AZ**).
- Sophisticated and streamlined design
- 7" LCD Monitor
- 1.3MP Surface Mount Door Station
- Silver, White or Mirror Option
- 24V DC Only

### **KIT INCLUDES**
